Ministry of Stories is a writing and mentoring centre where young people aged 8 - 18 can discover a love of writing through innovative writing projects with high-profile partners.

Ministry of Stories is establishing a committee to play an integral part in supporting with fundraising and relationship development in the run up to our 10th birthday.

ABOUT MINISTRY OF STORIES

Ministry of Stories is a writing and mentoring centre where young people aged eight to 18 can come and discover their gift for writing. You'll find us hidden behind our own fantastical shop Hoxton Street Monster Supplies. Through an innovative writing programme and one-to-one mentoring, we help children and young people discover and realise their own creative potential. We build the confidence, creativity and craft of their writing through in-school and out-of-school writing labs. Then we provide a publishing and performance platform for young writers, so these fresh, exciting voices are shared with the world.

ABOUT OUR 10TH BIRTHDAY

Ministry of Stories will celebrate its tenth year in 2020. Celebrations will run from April and a highlight of the year will be our annual Birthday Party on 19 November 2020. Over the years the birthday party has been an opportunity to bring together old and new friends of Ministry of Stories to raise vital funds that ensure our programmes can remain free to young people.

The Birthday Party shares and celebrates the work of our young writers and in the past has included an auction with money-can't-buy prizes and a quiz, hosted by First Minister, founder of Ministry of Stories and best-selling author, Nick Hornby.

Our 2020 Birthday Party has a target of £30,000. We know that we can bring the magic that the event needs, and with the support of the committee we know we can exceed this target and create a magical night.

We are incredibly proud of Ministry of Stories' ability to excite and garner the support of so many people - be they members of the public, higher value donors or companies, many of whom are repeat Birthday Party guests and have been integral to its success over the years. We would like to grow our support network to ensure the 10th Birthday Party can be bigger and better than ever - and that's where you come in. We always take a personal approach to building relationships, but we need your help to open new doors and introduce more people to Ministry of Stories.

10TH BIRTHDAY COMMITTEE

To make this happen, Ministry of Stories is establishing a 10th Birthday Committee who will play an integral role in supporting with fundraising and relationship development in the run-up to the 10th Birthday event.

From selling tables and hosting guests to finding one-of-a-kind auction prizes; the 10th Birthday Committee will support the efforts of Ministry of Stories Development team (2 staff) and ensure the Birthday Party is a night to remember.

Past projects include (from left to right); Anemotions - creating short animations with Place2Be; Round About Candle Street - a response to Dylan Thomas' Under Milk Wood in partnership with BBC; The Children's Republic of Shoreditch - a new country founded by children and launched at 10 Downing Street.
